Introduction

Welcome to the 2016 Isle of Man Festival of Motorcycling

Dear Competitors and Teams

Welcome to the 2016 Isle of Man Festival of Motorcycling

For this year we have taken the chance to completely re-write what you will have previously known as the Supplementary Regulations. This document has become much more than that and we have tried to construct a one stop manual for anyone interested in taking part in our event. So as well as the technical regulations, the sporting rules and all of the other things you would expect to find in this document, we have added everything we think you might need to know when travelling to the Island for the 2016 Festival of Motorcycling.

I must encourage all of you to read this document in full because it contains a lot of new information and a significant number of changes across many areas. To get the most out of your experience and to ensure it is as hassle free as possible, it is very much in your own interests to do this and to understand everything that has been outlined, especially the changes against the previous year.

The Manx Motor Cycle Club (MMCC) and Department of Economic Development (DED) teams are on hand to help you right through the entry process, up to the event itself starting in August. Contact details for Ann Kinvig at the Manx Motorcycle Club and Sophie Lowney at the Department of Economic Development are contained in the document and they should be your first port of call if you have any issues.

That just leaves me to wish you the best of luck for your 2016 racing season and on behalf of everyone involved in the organisation of the Isle of Man Festival of Motorcycling, we look forward to welcoming you to the Island in August.

Gary Thompson MBE BEM

General Secretary

Organisation

THE ISLE OF MAN FESTIVAL OF MOTORCYCLING

- The Isle of Man Festival of Motorcycling is a two week celebration of motorcycling and motorcycle sport, held annually on the Isle of Man. The festival includes the Classic TT presented by Bennetts, the Manx Grand Prix Races, the Manx International Two Day Trial, the Manx International Classic Trial and the Vintage Motor Cycle Club Rally along with a number of smaller supporting events.

THE ISLE OF MAN FESTIVAL OF MOTORCYCLING

- The Isle of Man Department of Economic Development are the promoters and commercial rights owners of the Classic TT Races and have appointed the Manx Motor Cycle Club as race organiser for the event.
- The Manx Motorcycle Club are the promoters, commercial rights owners and race organisers of the Manx Grand Prix Races.
- The Isle of Man Festival of Motorcycling has been granted the status of Classic Event by the FIM Management Council in recognition of its major contribution to the development of the motorcycle and the establishment of the sport internationally.
- The status of the meeting is International. It will be held under the 2016 ACU National Sporting Code and its appendices, these Supplementary Regulations ("the Regulations") and any further instructions issued or official announcements made. Copies of the ACU Handbook, containing the ACU National Sporting Code and appendices, are obtainable from Auto Cycle Union Ltd, ACU House, Wood Street, Rugby, Warwickshire, CV21 2YX and priced £8.00.

- **ACU Permit Number:** ACU 47099

Section 3

Entering the Isle of Man Festival of Motorcycling

ENTRIES

- Applications for Isle of Man Festival of Motorcycling Race entries must be made online via the competitors section of www.manxgrandprix.org for Manx Grand Prix and www.iomtt.com for Classic TT no later than **Monday 25th April 2016 at midnight**.
- Any entries received after the closing date may not be accepted.
- The entries and the allocation of riding numbers will be based upon data compiled from each competitors fastest lap speed, per class, set in racing conditions, in either of the past two years.
- Where a competitor has entered a class for the first time or the first time in more than two years, an estimated speed has been allocated using data from other previous performances.
- The maximum number of starters for all Races will be 80.
- More entries than are allowed to start the races may be accepted for qualifying. The fastest qualifiers (80 as above) in each class will start the races, which may mean that a competitor will meet the qualification standards but not get to race.
- Newcomers with an accepted entry are guaranteed a race start provided they meet the qualification criteria in their respective class.
- Applicants will be advised as soon as possible after the closing date of entries, whether or not they have been accepted.
- The Organisers reserve the right to refuse an entry.

ENTRY FEES

- The Promoters of the Classic TT Races will cover the cost of all entry fees necessary to enter the Classic TT Races 2016.

The insurance contribution for the Manx Grand Prix Races is as follows:

| | |
|------------------------------|------|
| ACU/SACU licence holders | £400 |
| Non ACU/SACU licence holders | £300 |

For additional information see Appendix A

USING THE ISLE OF MAN FESTIVAL OF MOTORCYCLING ENTRY SYSTEM

- If you have previously used the online entry system you will notice a number of changes to the way it works and these changes are intended to make things simpler. Firstly, if you have ever set up an account on the entry system, whether it be for the TT, MGP or Classic TT Races, then that account will still be valid so please don't create a new one as this will confuse things for you when you want to find your results and history.
- The first screen you will see when you open the link will give you the options of 'Laptime Manager', 'Results' and 'Entry Manager'. Select 'Entry Manager' to start your 2016 entry.
- The next screen you will see is called 'Entry Manager'. The easiest way to use the system is to click on the tab at the top of the screen named 'About Me'. Go through this list and fill in all of the details, e.g. profile, personal info, contacts, sponsors, bio, transponders, licences and medical. If you have used the system previously, this information will already be in there but please make sure it is up to date.
- You must make sure that your sponsor details are correct and allocated to each race that you are entering as this information will appear in the printed official Race Guide.
- Also under the 'About Me' tab, at the bottom of the list you will see 'Motorcycle Manager', 'Team Manager' and 'Transport Manager', these are for:

Motorcycle Manager

Here you will need to enter the details of all of the motorcycles that you will be entering in the 2016 Isle of Man Festival of Motorcycling.

Team Manager

Here you can enter the name of your team if you have one and select the competitors who are part of that team.

Transport Manager

Here you will need to provide details of any vehicles that you will be bringing to the paddock. This information is important as it is used to plan the paddock layout. If the information isn't accurate and you bring more or larger vehicles than you have specified on your entry, there may not be space in the paddock for you.

- Once you have completed all of these sections, you are then ready to submit an entry. Click on the 'Entries' tab and select the correct 2016 event from the left hand menu. For each race class that you choose to enter, click on the + sign to attach the correct machine and sponsor. This is where it is important to have completed all of this information first, as above. Once this page is completed, click 'Next' and do the same with the vehicles that you are going to bring to the paddock which you will select from the list that you have already provided, as above.
- Continue to make your way through the entry process by clicking 'Next' to move on to the next page. You will need to provide your travel details and your bank details.
- You are then ready to finalise and submit your entry. You have the opportunity to amend your entry up until the 11th April 2016. After this date you may be permitted to amend details however this must be done via the Helpdesk only. Please note that sponsor information must be provided by 30th June 2016 for inclusion in the printed official Race Guide.

CHANGE OF COMPETITOR

- No application for a change of competitor will be considered if an entry submitted by the substitute competitor (or on his/her behalf by a licensed entrant) for Isle of Man Festival of Motorcycling 2016 has already been refused.
- A change of both competitor and machine may be permitted at the discretion of the Clerk of the Course.

INSURANCE

- The Race Secretary will contact the FMNs of Competitors holding licences issued by a Federation other than the ACU or SACU for copies of their Start Permissions. Competitors must also obtain a copy of their own Start Permission and if required to do so be prepared to produce a copy during the Signing On process. This must confirm that Competitors are insured against the risk of Personal Accident in accordance with the FIM Sporting Code but with additional cover for Medical Treatment and Repatriation costs, as follows:

| | |
|-------------|-------------------------------|
| EUR 25,000 | Death |
| EUR 50,000 | Temporary Partial Disablement |
| EUR 185,000 | Medical Treatment |
| EUR 75,000 | Repatriation Costs |

- For ACU and SACU licence holders, the Organisers will arrange Personal Accident cover for the following benefits:

| | |
|-------------|---|
| £10,000 GBP | Death or permanent total disablement |
| £20,000 GBP | Loss of or loss of the use of, one or more limbs or eye |

- Competitor’s resident outside the United Kingdom should ensure they have sufficient private medical insurance to assist them on their return to their place of domicile for any on-going medical expenses incurred from injuries sustained whilst competing in the Isle of Man Festival of Motorcycling.

JURISDICTION

- Each entry, if accepted, will form a contract between Organisers and the entrant/competitor, which will be governed by and construed in all respects in accordance with Isle of Man law. Each of the parties irrevocably submits to the jurisdiction of the Isle of Man Courts in respect of any legal action or proceedings arising out of the contract or the participation of the entrant/competitor in the meeting.

Eligibility

COMPETITOR ELIGIBILITY

- All Competitors resident in the UK must have held as a minimum a National Licence issued by the ACU or the SACU for at least six months prior to the closing date for entries. Competitors from other FMN's must have held an FIM International Non - Championship Licence for a minimum of six months prior to the closing date for entries. All competitors must be over 18 years of age on the 20th August 2016.
- To enter this event, all competitors must also hold a "TT Mountain Course Licence" issued by the ACU at a cost of £25.00 in addition to any normal licence fees. An application form for such a licence can be found at Appendix G.

NEWCOMER COMPETITOR ELIGIBILITY

- For the purpose of these regulations a "Newcomer" is a person who has not previously taken part in a race on the TT Mountain Course or qualified to do so.
- The only competitors regarded as newcomers are those who have not previously taken part in any motorcycle race run over the TT Course. A rider who has previously competed on the TT Course only as a TT sidecar driver or passenger will be regarded as a Newcomer.
- Competitors entering the MGP Newcomers Race may also enter for the Lightweight, Supertwin, Junior or Senior Manx Grand Prix Races, however they may not apply to enter two races run on the same day. They may compete in these races only if they have started in the Newcomers Race and achieved the qualifying time for the other races entered.
- All Newcomers must complete the prescribed TT Course newcomer training with a qualified ACU instructor before 30th June in order to qualify for an ACU Mountain Course Licence and to be able to take part in the event if their entry is accepted by the Organisers. Any Newcomer rider who hasn't completed the prescribed newcomer training before the closing date of **Monday 25th April** may wish to wait for confirmation of acceptance before undergoing the training.
- MGP Newcomers who apply to enter the event will be sent an email by the MMCC requesting completion of a racing CV.
- A Newcomer taking part in the Classic TT Race immediately prior to the Manx Grand Prix is not eligible to enter the Newcomers Race, ie competitors may not enter both Classic TT and Newcomers A/B/C.
- All Newcomers (MGP and Classic TT) must complete a Speed Controlled Lap and following this lap will also practice in a Newcomers only session for the first 3 practice sessions. All Newcomers may only compete in one race per day.
- All newcomer Competitors are required to wear an orange jacket during Qualifying and Racing. These must be collected at the Newcomers briefings.

ENTRANT ELIGIBILITY

- Entrants wishing to be recognised as such must be in possession of a valid National Entrants or FIM Sponsors Licence for Road Racing.
-

MACHINE ELIGIBILITY

- All motorcycles must comply with Appendix D of the ACU National Sporting Code Group A1 and with these Isle of Man Festival of Motorcycling Supplementary Regulations. The onus of ensuring the eligibility of any machine rests solely with the competitor.
- All spare machines (marked as "T Bikes") of the same make and model must be declared during the signing-on process and competitors must ensure the machine qualifies during qualifying according to the qualification criteria as laid down in these Regulations.
- Machines which are considered eligible for Classic TT races will not normally be accepted for the Manx Grand Prix classes.
- Competitors may be permitted (on application to the Clerk of the Course) to change machine to any other eligible machine on which the competitor has qualified to race or has raced during the meeting.

Manx Grand Prix Classes

- See Appendix A

Classic TT Classes

- See Appendix B

Section 5

Technical Inspections

NUMBER PLATES

| | |
|---------------------------------|---|
| - Senior Classic TT | <i>Yellow plates with black numbers</i> |
| - Junior Classic TT | <i>Blue plates with white numbers</i> |
| - Lightweight Classic TT | <i>Green Plates with white numbers</i> |
| - Superbike Classic TT | <i>White plates with black numbers</i> |
| <hr/> | |
| - Newcomers (A/B/C) MGP | <i>Red plates with white numbers</i> |
| - Junior MGP | <i>Black plates with white numbers</i> |
| - Lightweight and Supertwin MGP | <i>Green plates with white number</i> |
| - Senior MGP practice only | <i>Orange plates with black numbers</i> |
| - Senior MGP race | <i>Yellow plates with black numbers</i> |

- For machines entered in two races, the practice plate colour will be the same as that used for the first race for that motorcycle, i.e. a 600cc machine entered in both Newcomers MGP and Junior MGP will practice on red plates.
- For a machine entered only in the Senior MGP the practice plate is orange and the race plate will be yellow.

The following colours must be used following the RAL colour table:

- Each machine must display one front and two side number plates so that both front and side numbers are clearly visible to the public and marshals on both sides of the road and must comply with the following regulations: Front numbers must be fitted directly on the front of the fairing not on a side. **All fairings must be modified to accommodate this.** Where the design of the fairing makes this impossible the numbers must be affixed to both sides on the front. The figures must be clearly legible and like the background must be painted in colours to avoid reflection from sunlight. The minimum dimensions of front numbers are as follows:

The minimum dimensions of side numbers are:

| | |
|-----------------------------|----------------|
| - Background | 260mm by 220mm |
| - Height of figure | 120mm |
| - Width of figure | 70mm |
| - Width of stroke | 25mm |
| - Space between two figures | 15mm |

The minimum dimensions of front numbers are:

| | |
|-----------------------------|----------------|
| - Background | 285mm by 235mm |
| - Height of figure | 140mm |
| - Width of figure | 80mm |
| - Width of stroke | 25mm |
| - Space between two figures | 15mm |

Note: In the case of any dispute concerning the legibility of numbers the decision of the Chief Technical Officer will be final. In case of difficulty in the identification of a machine the Organisers also reserve the right to require any competitor to use officially supplied numbers.

PRE-PRACTICE AND QUALIFYING TECHNICAL INSPECTIONS

- All machines bearing the correct number plates and transponders must pass through the Technical Inspection bay for inspection and approval prior to each qualifying session, during the times listed. Machines will not be approved if their appearance is not appropriate to the status of the event. Competitors shall remove fairings from their machines if required by the Chief Technical Officer.

PRE-RACE TECHNICAL INSPECTIONS - MACHINES

- All machines bearing the correct number plates and transponders must pass through the Technical Inspection bay for inspection and approval prior to each race, during the times listed. Riders need not necessarily present their motorcycles personally.
- Machines will not be approved if their appearance is not appropriate to the status of the event.
- Competitors shall remove fairings from their machines if required by the Chief Technical Officer.
- Competitors must ensure that their machines are presented at the times listed and only the Chief Technical Officer or his Deputy may exceptionally grant an extension to ensure that a machine is properly prepared.

- Applications for time extensions from the allotted pre-race examination time must be addressed to the Chief Technical Officer, in writing prior to the allotted official pre-race examination time. Machines must be ready to race, with fuel added.
- After pre-race technical examination, machines must be placed in the Assembly Area. Tyre warmers may be fitted to all machines (with exception of those machines entered in the Classic Senior and Junior Races. There will be no Parc Ferme conditions before the start of a race. It is the responsibility of the teams and competitors to provide whatever security they deem necessary whilst the machine is held in the Assembly Area prior to the start of qualifying and racing.

VERIFICATION OF MACHINES

- The Organisers reserve the right to examine and require dismantling of any motorcycle that has started in any qualifying session or race, and for this purpose, to impound it and retain it in official custody for as long as may be required. Fuel samples may be taken and fuel tanks measured.
- The first three machines plus up to three at random as selected by the Chief Technical Officer may be required to be dismantled for technical examination.
- Any necessary dismantling of a motorcycle shall be carried out by an accredited representative of the team and /or competitor under instructions of the Technical Inspection Officials. Dismantling must be commenced as soon as the engine is cool enough. There will be no facility to seal engines for dismantling and measurement after the event.
- The Organisers may also require any motorcycle to be dismantled, examined and retained for as long as is deemed necessary following an incident, in either qualifying or races. Helmets and clothing must also be presented for re-inspection subsequent to any incident.
- All costs relating to the verification of machines are to be met by the team or competitor.
- Any competing motorcycle or equipment left unattended, on or adjacent to the circuit, after taking part in a qualifying session or race, may be taken charge of by the Organisers. The Organisers accept no responsibility for any such motorcycle or equipment.

CHANGE OF MACHINE

- An entrant wishing to change the make or type of motorcycle, after entries have closed must apply to the Organisers prior to the meeting for approval by the Clerk of the Course. The competitor must complete two laps to qualify on the make, type and capacity of the machine to be raced.
-

FUEL

- The following fuels may be used and should comply with the general specifications listed below.

| Property | MAX RON | MAX MON | Oxygen% m/m | Benzene% v/v |
|-----------------|------------|------------|----------------|-----------------|
| Unleaded petrol | 102 | 90 | 2.7 | 1.0 |
| Avgas 100 LL | - | 100 | 2.7 | 5.0 |

- Note: For information leaded petrol mixtures up to 102 RON are typified by mixtures of 50% Avgas and 50% pump petrol.**
- Values in this table are taken from the ACU regulations and are applied to the fuel types as indicated.
- Where a competitor is using other than Isle of Man sourced pump fuel they must provide a specification sheet for that fuel when requested by the Chief Technical Officer.
- These regulations strictly prohibit the use of 'Bluegas', power boosters, octane boosters and the like. No additions are allowed to the fuel with the exception of water or standard lubricants sold to the public.
- It is the competitor's responsibility to provide fuel for practice and races. It is also the competitor's responsibility to ensure that his/her allocated pit lane filler, which will be provided, operates correctly. Any fuel left in fillers will be drained and removed, however it is the competitor's responsibility to check that his filler has been drained prior to adding his own fuel. The use of other quick-filling equipment is not permitted.
- The Steam Packet Company has stated that fuel may only be carried in the tanks of machines; cans / barrels will not be allowed. Spot checks will be carried out and anyone found in contravention of this ruling will not be permitted passage to the Island.
- Anyone wishing to import fuel into the Isle of Man must contact:

Trading Standards Division

Office of Fair Trading
 Lord Street
 Douglas
 Isle of Man
 IM1 1LE

Tel: +44 (0)1624 686520

Fax: +44 (0)1624 686709

- The Organisers reserve the right at any time to take samples of fuels used.

FUEL TANKS /CAPACITIES

- In the interest of safety, the use of ready-fuelled replacement tanks in the pit will not be permitted. Replacement tanks are permitted but must be empty and may only be filled when securely attached to the machine. Refuelling during the progress of any race must be carried out at the competitors designated pit. It is forbidden to open tank filler caps until the machine is stationary at its allotted pit and the engine is switched off. Time penalties may be imposed for a breach. The use of temporary filling material to reduce the capacity of the tank is forbidden, and any material placed in fuel tanks will not be taken into account when tanks are measured.
- **Manx Grand Prix All Classes**
Each machine must have only one fuel tank with a capacity not exceeding 24 litres.
- **Lightweight / Junior / Senior Classic TT Classes**
Each machine must have only one fuel tank with a capacity not exceeding 24 litres.
- **Superbike Classic TT**
Each machine must have only one fuel tank and may use a fuel tank with a capacity not exceeding 29 litres.
- The refuelling equipment supplied by the Organisers must be used and must not be modified. All filler nozzles will be to unleaded specification. There will be zero tolerance on maximum capacity.

OIL CONTAINMENT

- In the interest of safety ACU Standing Regulations will be enforced.
- On all four stroke machines the lower fairing has to be constructed to hold, in the case of an engine failure, at least half of the total oil and engine coolant capacity used in the engine (minimum 5 litres).
- The oil containment for unfaired machines must be at least 50mm deep and at the front must extend upwards to at least 50mm below the base of the cylinder.

MACHINES ENTERED IN TWO RACES

- It is permitted to enter two races on the same machine provided that this machine meets the requirements of these regulations for both classes. A competitor wishing to race one machine in two classes must indicate their intention to do so during the entry process and must then complete a separate declaration when signing on. Competitors using the same machine in both classes will appear in the results of each qualifying session for both classes (denoted by # in the qualifying results).

TRANSPONDERS AND AUTOMATIC TIMING

- All qualifying sessions and races will be officially timed using a transponder-based automatic timing system. It is the responsibility of each competitor to provide and properly fit and fully charged AMB TranX 260 transponder or a directly compatible equivalent at their own expense. A separate transponder must be provided for each machine entered.

- The identification number(s) of the transponder must be the same as the identification number(s) submitted during the entry process for each machine and class. No additional transponder device is permitted on the machine during qualifying or races.
- Any application for a change of transponder identification number must be made to the Clerk of the Course at least two hours before the start of a qualifying session or race.
- See also Appendix C.

SAFETY LIGHTS

- A functioning red light must be fitted at the rear of all machines. It must be switched on at all times when the machine is on course. Lights must comply with the following:
 - Lighting direction must be parallel to the machine centre line (motorcycle running direction), and be clearly visible from the rear at least 15 degrees to both left and right sides of the machine centre line.
 - Mounted on the seat approximately on the machine centre line in a position approved by the Chief Technical Officer. In case of a dispute over the mounting position or visibility, the decision of Race Direction will be final.
 - Power output/luminosity equivalent to approximately; 10 – 15W (incandescent) 0.6-1.8W (LED).
 - Able to be switched on and off by the competitor when seated on the machine.
 - Safety light power supply may be separated from the motorcycle main wiring and battery.

OIL FILTERS

- All spin-off oil filters must be jubilee clipped and wire locked.

WHEEL NUTS AND SPINDLES

- All wheel nuts and spindles must be wire locked or have split-pins. Where this is impractical, fork leg retaining/pinch bolts should be wired. Where forks have removable or pivoting wheel spindle retaining caps, the nuts or bolts holding these must be wire locked or otherwise positively retained.

BRAKES

- **Brake Lines:** For machines fitted with two front disc brakes, the split of the front brake lines for both front calipers must be made at or above the lower fork.
- **Brake Calipers:** Where the brake pad pin is retained by one fastener, a secondary retainer is required.

PREPARATION

- Machines must be prepared in accordance with the ACU Standing Regulations and these Supplementary Regulations. The Club reserves the right to refuse any entry or to forbid the use of any particular machine which the Club considers inappropriate for racing on the TT course or otherwise not to be in the spirit of this event. All machines must be prepared to a high standard of cosmetic appearance. Untidy machines will not be permitted to start in any event.
-

COOLANTS

- No liquid engine coolants, other than lubricating oil or water should be used. Oil based substances can be dangerous if spilt on the road.
-

EXHAUST SPRINGS

- All exhaust springs including those to the cylinder head must also be held by wire to ensure that the springs remain on the machine in the event of spring failure.
-

SOUND

- The ACU has granted a waiver of the sound level permitted under their Standing Regulations.
-

MONZA FILLER CAPS

- All Monza filler caps must be fitted with an "R" clip or other device, to prevent unintentional opening of the cap. The device must be replaced after any pit stop.
-

CHAIN GUARDS

- A chain guard must be fitted in such a way as to cover the point where the chain runs onto the rear sprocket and irrespective of wherever the rear wheel is positioned to maintain correct chain tension.
 - The guard must be made of substantial material and must be securely mounted to the swinging arm so that it cannot rotate and come into contact with the chain or sprocket.
-

PERSONAL EQUIPMENT

- While qualifying and racing, competitors are required to wear an identification disc attached around the neck by a material approved by a Technical Official or an identity label attached on the inside of the leathers adjacent to the zip. The disc or identity label must be permanently marked with the wearer's full name and date of birth. Identification discs shall be of a durable material between 20mm and 25mm in diameter and having rounded edges with no sharp or ragged projections.
- The use of Kevlar suits is prohibited.
- Race Direction also reserves the right for all or certain aspects of any competitors personal equipment to be checked at any time during the event should they deem it necessary to do so.
- The use of titanium knee sliders and toe sliders as part of a competitor's personal equipment is permitted.

ON-BOARD CAMERAS AND GLOBAL POSITIONING SYSTEMS

- Onboard cameras or GPS must be fitted before attending technical inspections and must be approved by the Chief Technical Officer. Helmet mounted cameras will not be permitted.
- See Appendix B for additional information for Classic TT competitors

MACHINE TESTING

- Jurby Airfield will be available for testing during practice week as follows:
 - Thursday 18th August gates open at 16:00 hrs with testing between 17:00 hrs and 20:00 hrs
 - Sunday 21st August gates open at 09:00 hrs with testing between 10:00 hrs and 15:00 hrs.
 - Monday 22nd, Wednesday 24th and Thursday 25th August
- Gates open at 09:00 hrs with testing between 10:00 hrs and 14:00 hrs
- All sessions will cost £40 per rider and times may change dependent on weather.
- For further information or arrangements for testing outside of the above times which may be possible by prior arrangement, please contact either Gordy 07624 491063 or Lizzie 07624 200470.

Section 7

Qualifying and Race Procedure

THE COURSE

- The event will be held on the Isle of Man TT Mountain Circuit, which is 60.70km (37.73 miles) in length, on highways, which are closed to the public during practice and race periods. The ACU Course Licence Number is TT001.

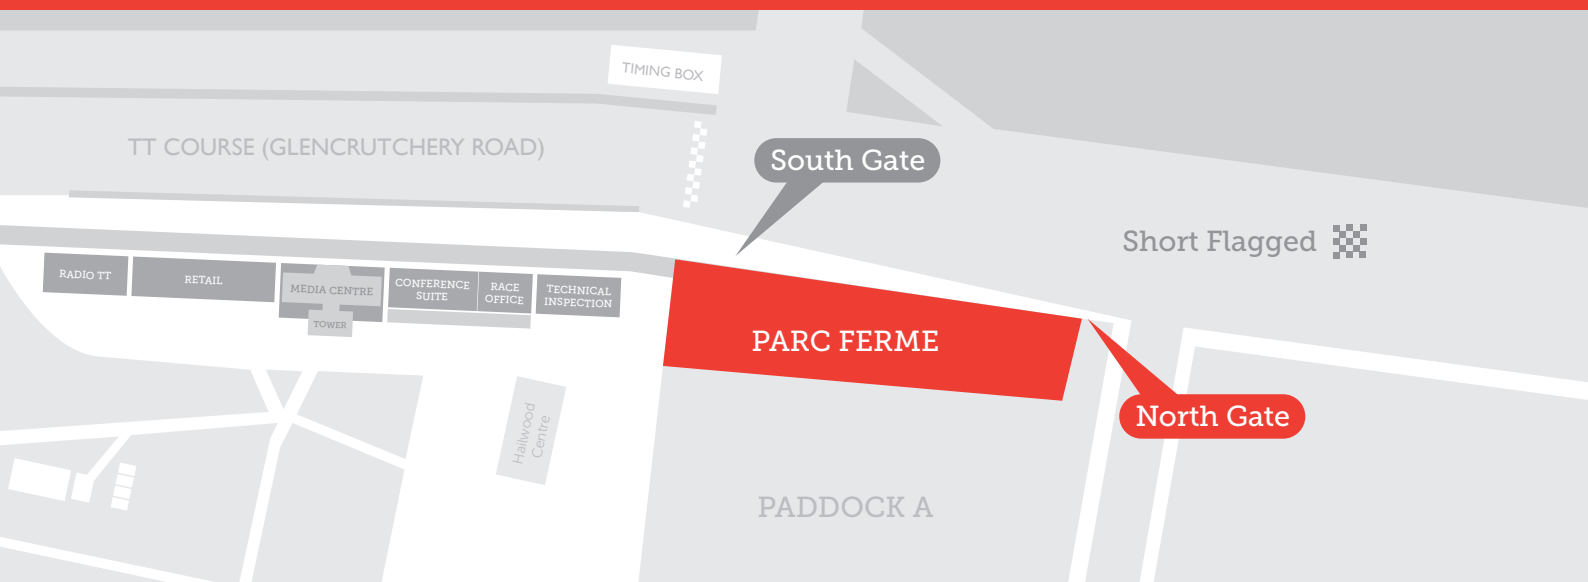

QUALIFYING SESSIONS

- On Saturday 20th August the qualifying session is scheduled to start at 17:20hrs and all other qualifying sessions during practice week are scheduled to start at 18:20hrs, with competitors starting in pairs from the Start Line. Instructions to competitors and teams to move onto the Start Line or any delays to the start of qualifying will be announced by the Clerk of the Course.
- The testing of pit lane speed limiters will be allowed throughout practice week from Monday 22nd August.
- When starting another lap, competitors should be mindful of other competitors who may be on a flying lap and as such, keep to the left when starting. Competitors on a flying lap should be aware of other competitors joining the course and as such keep to the right as they pass through the start/finish line.
- Competitors re-joining the Course to commence a lap will do so via the South ramp in Parc Ferme.
- When leaving the Course at the end of a lap, competitors will return to the Parc Ferme area via the Return Road. Competitors are to ride slowly down the Return Road and not exceed 40kph, as pedestrians will be in and around this area.

SHORT LAPPING OF QUALIFYING SESSIONS

- During any qualifying, the Clerk of the Course may decide to flag off competitors between Governor's Bridge and the Finish Line. In this case the foreshortened lap and the time recorded at the flagging off point will be counted towards qualification for the races. There will be no time gained by proceeding at excessive speeds from the point at which the chequered flag is displayed and the Finish Line. Once short lapping has occurred all competitors will be required to exit the Course via the North Gate into the Parc Ferme.

Short Lapping

RACE START PRELIMINARIES

First Signal - 45 minutes before start

- Tyre Warmers must be fitted to all machines (with the exception of those machines in the Classic Senior and Junior Races) and switched on in order for the tyres to reach operable temperature. Any competitor found not to be using Tyre Warmers will not be allowed to start the race for which he/she has entered.
- On instruction from the Clerk of the Course, pit crews may enter Pit Lane to fill up their respective fuel fillers.

Second Signal - 30 minutes before start

Third Signal - 15 minutes before start

- Competitors marshalled to the starting grid and lined up in order. Competitors on the grid may at this stage make adjustments to the motorcycle or change tyres to suit the course conditions. When using tyre warmers on the grid, these must be powered by a generator. Only one generator per machine may be used.
- The generator must be of the hand carried type and have a maximum output capacity of one kilowatt. The noise limit of the generator is 65 dB/A.
- No batteries or other electrical supplies are permitted on the grid except a self-contained starting device. All adjustments and changes of tyres/wheels must be completed by the fourth signal.

Fourth Signal - 5 minutes before start

- Clear grid on the instructions of officials. Engines must be running. Exit gate from assembly area to start line will close.
- Competitors will not start until the starting flag is dropped. Any competitor who starts before the starting flag is dropped, or who fails to start immediately the starting flag is dropped, may be penalised.
- A competitor, who is not in position to start within 10 seconds of the scheduled starting time, may only start 10 seconds after the last competitor is scheduled to start. Their starting time may at the discretion of the Clerk of the Course be adjusted to coincide with the new starting position (normal interval times will be observed). Only during the start procedure is a competitor permitted to stop on the course adjacent to his pit. At all other times a competitor must use the pit access road and stop in front of his designated pit.

START PROCEDURE

- All races will be clutch start. Competitors will be started singly at 10 second intervals.
- In exceptional circumstances, the start of any race may be delayed, reduced in number of laps and if necessary, postponed until the following day or another designated day as instructed by the Clerk of the Course.

PIT LANE

- Pit Boxes will be allocated in order of qualifying and will be treated as a matter of fact.

REFUELLING DURING PIT STOPS

- During qualifying all team personnel set to operate in pit lane during races must attend a pit lane briefing. This is a mandatory briefing. Details of pit lane briefings will be announced at the Competitor and Technical Briefings.
- The machine must come to a complete stop before the fuel cap is removed. Once the fuel stop is complete the fuel cap must be replaced before the competitor sets off down pit lane to re-join the race. Any competitor found to be removing the cap before the motorcycle is stopped or replacing the cap once he has left his pit area may incur a 30 second penalty.

Conditions

- The Pit Lane is a Licenced Petroleum Storage Area under the Isle of Man Dangerous Goods Act and as such the following conditions apply:
 - a. There must be no smoking or naked lights. Engines must be stopped whilst the machine is being refuelled. Any electrical equipment used or taken within 14ft of refuelling equipment must be either intrinsically safe or flame proofed. This includes power tools, two-way radios, transistor radios, cameras etc. Spare batteries must be protected.
 - b. Petrol cans used for filling and draining must be metal or BSI approved.
 - c. Filling or refuelling of tanks must not commence until an announcement is made from Race Control. It must be completed no later than thirty minutes before the start time. The specified PPE must be worn when filling or refuelling tanks.
 - d. When refuelling tanks are being filled or drained, only those persons immediately involved and race officials are permitted in the pit area.
 - e. Refuelling tanks must be drained when the pit lane is closed towards the end of the race. The specified PPE must be worn when draining tanks.
 - f. Important Note: Refuelling of tanks must not take place once the race has started. Pit Crews need to ensure that tanks have enough fuel to complete two pit stops.
 - g. When a competitor vacates his pit he must not carry unused fuel or empty drums that have contained fuel beneath the Grandstand.
 - h. The refuelling equipment supplied by the Organisers must be used and must not be modified. All filler nozzles will be to unleaded specification.

Attendants

- a. Each competitor is permitted up to three attendants. Bona fide Team Managers who are representatives of licensed entrants will, on application to the Clerk of the Course, be given an additional pass.
- b. Team Managers and Attendants must wear the following Personal Protective Equipment (PPE):
 - (i) The attendant responsible for refuelling must wear a suit that meets and is labelled to the higher standard SFI 3.2A/5 or FIA 8856-2000. The overalls must have collars, ankle and wrist cuffs and be zip up not pop stud. The attendant responsible for refuelling must wear a fireproof balaclava and fireproof gloves while refuelling.
 - (ii) Other members of the Pit Crew must wear a suit that meets the above standard or is equivalent to the standard of EN11612 or SFI/3.2A/1. They must also wear a fireproof balaclava.
 - (iii) Balaclava: Must be a double layer balaclava approved and labelled to standard FIA 8856-2000.
 - (iv) Gloves: Must be FIA approved to standard SFI 3.2A/5 or FIA 8856-2000.
- c. Competitors who are not intending to stop and refuel need not provide an FIA spec fuellers suit, gloves or balaclavas. The pit crew must wear overalls to EN11612 or SFI/3.2A/1. However these arrangements require there must be no fuel in the pit box or fuel filler. Overalls are still required to be presented at signing on/clothing check.
- d. Suitable footwear must be worn at all times in the pit lane. Footwear must not have any studs, steel tips etc.
- e. All Team Managers and Attendants must remain in the pit allotted to them, except when their competitor is at the pit, when Attendants may assist or carry out replacements and repairs, only using the spares previously deposited in the pit. Wheels fitted with tyres may be brought into the pit during a race.
- f. The PPE outlined above must be worn fully by the Team Manager and Pit Attendants at all times in the pit area.
- g. Self-contained remote starters will be permitted. Remote starters must NOT be started until all refuelling and servicing is completed.
- h. The use of purpose made front wheel paddock stands or ramps designed to elevate the front of the motorcycle is forbidden.
- i. Smoking is strictly forbidden in the Technical Inspection Bay, Parc Ferme, Pit Lane, Pits and Start line areas.
- j. Crossing of the pit lane is permitted only in the designated area at the start of the Pit Lane.
- k. Only items that are intrinsically safe are allowed to be used in pit lane. This is a requirement of the Fuel Licence for the event. Pit Crews need to be mindful that the use of mobile phones, tablets or any other piece of equipment deemed as not being intrinsically safe cannot be used in Pit Lane. Teams using such equipment may be liable to a fine being imposed on them by the Clerk of the Course.

Pit stops during races

- a. Pit Lane – Speed Limit – 60kph
- b. At the entrance to the Pit Lane is a Single White Line with a board at each side indicating a speed limit of 60kph. From this point until the Pit Lane Exit, (which is indicated by a white line with a board at each side with the 60kph crossed out) the speed limit is 60kph.
- c. This speed limit will be policed by transponder loops in the Pit Lane.
- d. Sanctions will be imposed on any competitor breaking the speed limit of 60kph as follows:
 - Over 60kph but not over 80kph - a time penalty of 30 seconds.
 - Over 80kph but not over 100kph - a time penalty of 60 seconds
 - Over 100kph - disqualification from the race.
- e. In the event of more than one infringement during a single pit stop the highest penalty will be awarded.
- f. These penalties will be a matter of fact with no right of protest or appeal.
- g. At the entrance to the Pit Lane a display board will indicate the speed of competitors approaching. This is only an indication to assist competitors.

MEANS OF PROPULSION

- During a race a motorcycle can only be propelled by its own power, the muscular effort of its competitor and by the natural forces of gravity.
-

FINISH OF A RACE

- Competitors who have completed the designated number of laps for the race will be shown a chequered flag by an official standing at the finish line, at track level.
- Riders who have completed the designated number of laps for the race will be shown a chequered flag by an official standing at the finish line. Riders crossing the finish line without completing the designated number of laps after the leading rider on the road has been shown the chequered flag may be permitted to proceed on a further lap. Where in the opinion of the Clerk of the Course it is no longer appropriate, he may order all competitors to stop as each crosses the finishing line. Riders not permitted to commence the final lap will be included in the results and classed as a finisher.

Red lights will then be shown prior to the return road gate and a marshal showing a red flag will stand at the return road gate. The rider must be in contact with his/her machine.
- To be counted as a finisher in the race and to be included in the race results a competitor must complete the full designated number of laps for the race and cross the finish line within a time decided by the Clerk of the Course. The competitor must be in contact with their machine.

STOPPING A RACE

- A race will not be stopped prematurely unless the Clerk of the Course deems it necessary, but if so stopped before the leading competitor has completed half of the total race distance, the race will be declared abandoned. The finishing positions in an abandoned race will be ignored for the purpose of classification of the race result.
- A race stopped after the leading competitor has completed half of the scheduled race distance will be deemed to have been completed and the prize money re-allocated by the Promoter, as it considers appropriate. The Clerk of the Course reserves the right to postpone or abandon any or all of the races if he considers it necessary.
- The Clerk of the Course may, notwithstanding the previous paragraphs, declare a result of any race based on such assessment as he thinks appropriate and, in doing so, may apply Sections 10 and 12 of the ACU Standing Regulations for Road Racing to such extent (if any) as he thinks appropriate in the circumstances.
- In the event of the Clerk of the Course stopping a race prematurely due to 'force majeure' circumstances, waved red flags will be displayed at various points on the course on the instructions of the Clerk of the Course or his Deputy.
- Stationary yellow flags will be displayed at intermediate marshals' posts. In addition a suitable warning board will be displayed at Governors' Bridge indicating that all competitors will be stopped at the start/finish line by means of Red Flag and Red Lights. In the event of the Clerk of the Course shortening (as opposed to stopping) a race, this decision may be given to all competitors at various points on the course. In these circumstances the chequered flag will be displayed at the start/finish line.

END OF RACE PROCEDURE

- At the conclusion of all races the finishers will be required to return their machines to Parc Ferme. This will be located in the Assembly Area. They will be held for as long as required.

INCIDENTS

- Unfortunately, incidents do occur on the TT Mountain Course. If it is necessary to deploy red flags at a specific location, the Clerk of the Course will either give authorisation for an 'All Course Red Flag' situation or a 'Part Course Red Flag' situation.
- In the event of a 'part course red flag' situation, red flags will be displayed from the Start Line to the end of the sector in which the incident has occurred. Thereafter the Course will have stationary yellow flags displayed which will identify an incident has occurred and those competitors who have passed the incident are to ride their machines back to the Parc Ferme at low speed. Overtaking is not permitted under such circumstances.
- Competitors not adhering to the above may be asked to meet with the Clerk of the Course at which penalties may be imposed.

RETIREMENTS

- There may be occasions in which competitors need to retire from qualifying sessions or a race. Any competitor who has retired must follow the instructions from the Marshals and ensure their machine is parked in a safe area.
- Competitors must also ensure that the Marshals inform Race Control that they have stopped so that their team are informed of the situation. A retired competitor should inform the Marshals whether they will arrange for their team to recover the machine or if they wish for the Official Recovery Service to retrieve the machine. Machines retrieved by the Official Recovery Service will be returned to the paddock and stored in the Technical Inspection Bays.
- Team personnel requiring information about a competitor who may have retired or been involved in an incident should report to the Competitors Retirement Office situated at the foot of the Control Tower adjacent to the Media Centre.

TOURING

- Touring is not permitted at any time. Competitors, who have an issue with their machine, must pull off the Course as soon as possible.

LAST TRAVELLING MARSHAL

- At the end of each evening qualifying session and race day schedule, a Travelling Marshal wearing a red bib will leave the Grandstand. This signifies that he is the last motorcycle on the road and very shortly the Roads Open Car will depart the Grandstand to reopen the road for public use. Competitors who have stopped for any reason on the course must not restart once the Last Travelling Marshal has passed their location as the Roads Open procedure will have commenced.

PROTESTS

- Protests must be in accordance with the ACU National Sporting Code Chapter 10, and accompanied by a fee of £100. In addition, if the dismantling of an engine is involved, a deposit of £250 must be submitted with the Protest Fee. In the event of the protest being upheld the deposit will be returned. If the protest is unsuccessful the deposit will be awarded to the winning party and will be the only cost claimable. The time limit for making a protest will be 30 minutes after the display of the provisional results in the Race Office. The deposit for a fuel test will be £600.

DRUG AND ALCOHOL TESTING

- Procedures will be as prescribed in the current ACU National Sporting Code.

WINNERS ENCLOSURE

- At the conclusion of each race the first three finishers will be directed into the Winners Enclosure with their machines to conduct interviews with the host television and radio broadcasters. No other television or radio journalists will be permitted to operate in this area.

GARLANDING CEREMONY

- Competitors finishing first second and third in each race will be required to take part in a short ceremony to be held in front of the Grandstand to acclaim and garland the winners.

MOBILE PHONES

- The use of a mobile phone in the Technical Inspection Bay and Pit Lane is forbidden unless the device is intrinsically safe.

VEHICLE RECOVERY SERVICE

- A recovery service will operate throughout the qualifying sessions and races. Any machines collected will be returned to the Technical Inspection Bay. The Organisers do not accept any responsibility for any damage to any machine.

MACHINES ON THE PUBLIC HIGHWAY

- The law on the Isle of Man provides that no racing machines should be ridden on a public highway except during the period commencing three hours before, during and two hours after a scheduled road closure period from where the machine is kept, directly to the start of the course, from a point on the course directly to the place it is kept or vice versa, or between points on the course.
- During this same period the machine does not have to comply with the Maintenance and Use Regulations and Lighting Regulations.
- The competitor must however, have a current valid driving licence for that particular class of machine.
- Third party insurance must be in force before the machine is used on a public highway. Cover can be obtained from the Race Office. Machines used on public roads outside these times must comply in every respect with Manx Road Traffic Legislation (Race numbers must not be displayed).
- Any competitor reported as having ridden their machine in such a manner as to constitute a nuisance to the public may be disqualified or otherwise penalised.

FLAG SIGNALS

The following flag signals will be used during Practice and Races and must be immediately obeyed by competitors:

| | | |
|---|--|--|
|  | Manx National Flag | Start |
|  | Black and white chequered flag | Finish of race or practice session |
|  | Yellow and red striped flag | Oil, water or other substance is affecting adhesion on this section of the Course |
|  | White flag with red diagonal cross | Wet or damp patches is affecting adhesion on this section of the Course |
|  | White flag with "SUN" or "S" | Sun dazzle warning |
|  | White flag with "V" | Bad visibility warning |
|  | Yellow flag (stationary) | Danger, slow down, overtaking forbidden |
|  | Yellow flag (waved) | Danger, slow down, prepare to stop, overtaking forbidden |
|  | Green flag | Course Clear |
|  | Red flag | The practice or race is being interrupted. The red flag will be waved at nominated marshal's posts. Competitors will stop and be directed by the marshals. |
|  | Black flag with orange disc | The competitor to stop immediately |
|  | (displayed along with competitor's number) | |

Important

- Only authorised officials are permitted to use these flags and no other flag or light signals of any kind are permitted.
- Only the Clerk of the Course or in his absence the Deputy Clerk of the Course can authorise a race to be stopped.

BEHAVIOUR DURING THE EVENT

- Competitors must ride in a responsible manner, which does not cause danger to other competitors or participants, either on the track or in the pit-lane.
- Competitors must at all times adhere to the provisions of the regulations.

- Competitors should use only the track and the pit-lane. However, if a competitor accidentally leaves the track then he may re-join it at the place indicated by the marshals or at a place which does not provide an advantage. The marshals may assist the competitor to the extent of helping them to lift the machine and holding it whilst any repairs or adjustments are made. Any repairs or adjustments must be made by the competitor, working alone, with absolutely no outside assistance. The marshal may then assist them to re-start the machine.
- If the competitor intends to retire then they must park their motorcycle in a safe area as indicated by the marshals.
- If the competitor encounters a problem with the machine, which will result in their retirement from the practice or the race, then they should not attempt to tour at reduced speed to the pits but should pull off the track and park his machine in a safe place as indicated by the marshals.
- Competitors must not transport another person on their machine.
- Competitors must not ride or push their motorcycles in the opposite direction of the Course, either on the track or in the pit lane, unless doing so under the direction of an Official.
- No signal of any kind may pass between a moving motorcycle and anyone connected with the motorcycle's entrant or competitor, save for the signal from the time keeping transponder, from on-board cameras, or messages on a pit board or body movements by the competitor.
- Stopping on the track during qualifying and races is forbidden.
- A competitor involved in an incident will not be allowed to continue qualifying or racing until they have been passed medically fit by one of the event Medical Officers.
- The Clerk of the Course is empowered to impose penalties of a reprimand and/or fine, or disqualification, for breach of these regulations where no other penalty is specified. Any rider not complying with instructions of an official of the meeting (including security personnel employed by the promoter) may be penalised.
- Entrants and riders must accept the official records of the Organiser which may be published as the Organiser thinks fit and also agree not to publish or allow to be published, on their behalf, any inaccurate, misleading or premature advertisement in connection with these races.

STEWARDS OF THE MEETING

- A meeting of the Stewards will take place prior to the commencement of qualifying, after the Chief Steward has inspected the Course. The Stewards will then meet as directed by the Clerk of the Course. Appeals to the Stewards must be made in writing and accompanied by the appropriate fee and should be handed to the Race Secretary.

ACCEPTANCE OF RECORDS

- Entrants and competitors must accept the official records of the Organisers, which may be published as the Organiser thinks fit, and also agree not to publish, or allow to be published, on their behalf, any inaccurate, misleading or premature advertisement in connection with these races.

The Paddock Manager G4S Secure Solutions (Isle of Man) Ltd will be Lloyd Mister:

Tel: 01624 649016

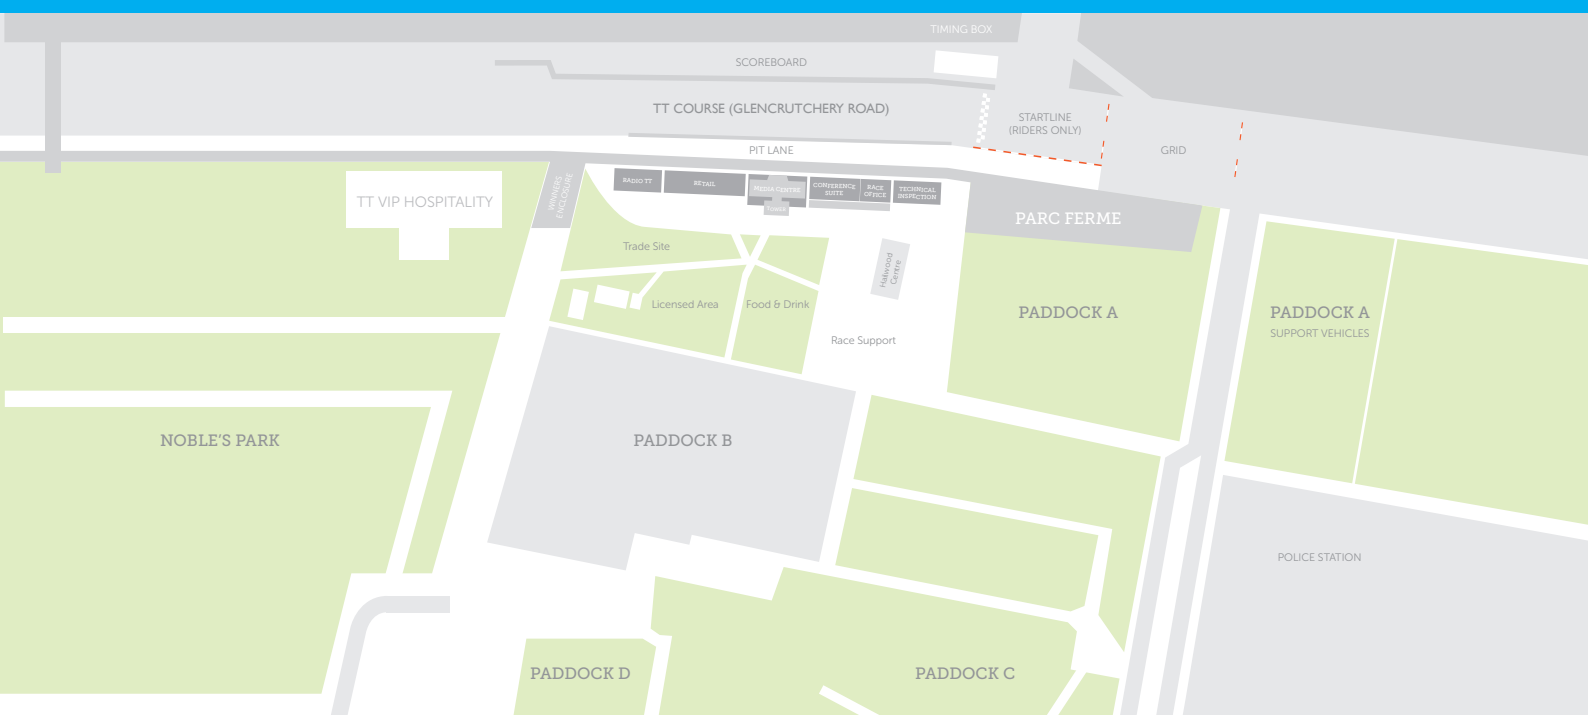

Fax: 01624 649049

Mobile: 07624 483945

E-mail: lloyd.mister@im.g4s.com

- Parking of all team vehicles will be under the control of the Promoter and its appointed agent and all teams must respect the instructions received.
- Space will be allocated by the Promoter and its appointed agent based on the information submitted by competitors on their entry form. The paddock parking position will be decided by the Promoter and its appointed agent whose decision will be final. Teams and competitors will receive notification of their paddock parking position on arrival.
- The Paddock will open at 9:00am Monday 15th August 2016.
- The Paddock will be segregated into various areas into which teams will be entitled to bring certain vehicles.
- The entire Paddock area is a closed road and access will only be granted by displaying an official event vehicle pass.

TT Paddock

PADDOCK A

- Paddock A will operate as a Concours d'Elegance and competition paddock for selected teams taking part in the Classic TT Races.
- Teams requesting space in Paddock A should do so by contacting the Promoter directly by the 30th June.
- This area of the paddock is intended to act as a visitor attraction and those operating in this area are expected to present their working area in a clean, smart and professional manner and should be open for the public to look at the machinery as much as is reasonably possible.
- The promoters will provide awnings which will be floored and carpeted and whilst power will be provided, users will need to provide their own lighting.
- The rear of the awnings will have garage boarding installed which will provide space behind for storage to assist in keeping the areas tidy. This will be made from white, 5mm Foamex and is available to be fitted with bespoke branding if required. To install your own branding teams should contact Mannin Media via IanRowley@manningmedia.co.im to arrange a quotation. No other branding or signage can be attached to the Foamex garage boards other than via Mannin Media and anything that is fitted without prior permission will be removed.
- Any team in possession of their own garage boarding wishing to install it, they should advise the promoters.
- There will be no living accommodation in the areas directly behind the awnings without prior approval by the promoters. An area for some living accommodation will be made available towards the bottom of Paddock A however this will be for motor homes only. Strictly no vans, caravans or tents will be permitted in this area. Camping for vans, caravans and tents will be available in other parts of the paddock.
- The awnings will be complete with all fixtures and fittings installed by 09:00 hrs on Thursday 18th of August.
- Set up in Paddock A, including the instillation of flooring and any construction of awnings and marquees will be allowed between 06:00 hrs Monday 15th of August to 08:00 hrs Saturday 20th of August.
- No set up of any kind will be permitted between 08:00 hrs and 22:00 hrs on Saturday 20th of August and the paddock will be open to the public.
- Final set up will be permitted to take place between 22:00 hrs on Saturday 20th of August and 08:00 hrs on Monday 22nd of August. After this time no further set up will be permitted.
- During the set up period Paddock A will operate as a fenced off construction site and will feature manned security. Contractors engaged by teams operating in the area will do so under the guidance of the Promoter, its appointed agent and security guards.

PADDOCK B AND C

- Paddock B will be reserved for medium and small working trucks, i.e. those vehicles that carry the motor cycles and the equipment and respective living quarters and separate competitors living vehicles.
- Any wastewater from the vehicles must discharge into a holding tank or, via a hose, to a drain. Any electric or other cables or hoses that cross roadways must be covered by a proprietary cable/hose protector.

PADDOCK D

- Paddock D will be reserved for the smallest trucks, vans, caravans and camping. Any wastewater from the vehicles must discharge into a holding tank or, via a hose, to a drain. Any electric or other cables or hoses that cross roadways must be covered by a proprietary cable/hose protector.

RACE SUPPORT AREA A

- The Race Support Area A is reserved for larger vehicles belonging to race support companies who provide a genuine service to competitors.
- Companies providing other services are restricted to the use of one working vehicle. Additional vehicles will be permitted at the discretion of the Promoter and its appointed agent. A small awning may be used on these vehicles at the discretion of the Promoter and its appointed agent where space permits.
- Absolutely no hospitality must be provided by service company vehicles.

RACE SUPPORT AREA B

- The Race Support Area B is reserved for smaller vehicles belonging to race support companies who provide a genuine service to competitors.
- Companies providing services are restricted to the use of one working vehicle. Additional vehicles will be permitted at the discretion of the Promoter and its appointed agent. A small awning may be used on these vehicles at the discretion of the Promoter and its appointed agent where space permits.
- Absolutely no hospitality must be provided by service company vehicles.

RETAILING

- Teams and competitors are not permitted to retail any goods or services from the paddock area during the TT period including merchandise. Any team or competitor wishing to retail in the specific paddock trade area should contact Motorsport Promotions Ltd on 01624 667808.
- The Isle of Man Office of Fair Trading will carry out unadvertised inspections of the paddock area during the event and have the power to confiscate goods for sale by companies or individuals without an Isle of Man Non-Resident Trader Licence.

CONTAINERS

- Containers will not be allowed in the paddock.

SCOOTERS

- Scooters can be used for paddock transportation by competitors and team personnel only (not children).

CARAVANS

- Competitors and teams bringing a caravan to the Isle of Man, will need to request approval to do so from the Department of Infrastructure who can be contacted on 01624 685950 or by e-mail at planning@gov.im

HEALTH AND SAFETY

- All competitors and their associated persons must at all times comply with all the health and safety requirements applicable in the paddock and displayed on the Race Office notice board.

FUEL STORAGE

- There will be a dedicated high octane fuel storage facility within the paddock. Teams and competitors using high octane fuel must contact the Paddock Manager for further information before sending any fuel to the Island.
- Teams and competitors using pump fuel are strongly advised to obtain fuel on the day it is to be used. Under no circumstance is more than 10 litres of fuel to be stored within any paddock (other than the official store). Teams and competitors who are storing fuels off site, are reminded of their obligations to let the authorities on the Isle of Man know what fuel is being stored and where.
- It is the responsibility of all teams and competitors to remove all metal fuel containers to the skips provided in the paddock.
- Any off site fuel storage facility (more than 2 litres) will need to be licensed by the Isle of Man Office of Fair Trading.
- Please be aware that persons transporting large amounts of fuel may face prosecution if not appropriately licensed.
- Competitors should consider how and when fuel is obtained for each qualifying session and race. Competitors using pump fuel are reminded that they should purchase the amount needed for that session or race and that they should not store more than is needed.

FIRE EXTINGUISHERS

- All competitors / race support / trade personnel using the paddock will need to supply a 2 Kg (minimum) dry powder fire extinguisher. The extinguisher must be visible at all times and have an in date certificate attached. Checks will be made during the event. All team members must be aware of its location and have knowledge in how it is operated.

FIRE POINTS

- Fire points are located within Paddocks A, B, C and D and all team members must be familiar with their location. All Fire points are alarmed and extinguishers should not be removed unless needed in an emergency.
-

WELDING

- The use of welding equipment within the paddock area is strictly forbidden. Under no circumstance should teams or competitors bring welding equipment in to the paddock or associated areas. Any equipment found may be confiscated.
 - The following welding services are available during office hours – it is advisable to obtain a quote prior to having any work undertaken.
 - AB Metal Fabrications Ltd, Unit 5 Hills Meadow, Douglas, 01624 623918
 - Gallas Foundry, Riverside Industrial Estate, Pulrose Bridge, Douglas, 01624 615350
-

GENERATORS

- Generators must be placed in a safe working area. All cables used from generators or the electrical supply, must be covered by proprietary cable protector at all times. The use of generators should be kept to a minimum during night time hours.
-

ELECTRICAL SUPPLY

- Under no circumstances should anyone interfere with the electric supply from the power masters in the paddock. If an electric supply fails, please contact the Paddock Manager in the first instance. Teams and competitors are required to have all electrical equipment PAT tested prior to use.
-

SECURITY

- The paddock will be patrolled by security guards. There are two, 24/7 security points which are fixed. There will be a foot patrol during daylight hours but no foot patrols between 19:00hrs and 07:00hrs.

RUBBISH REMOVAL

- All competitors and teams are responsible for the removal of rubbish from parking and camping areas. Bins are provided for the disposal of bin bags located to the south of Paddock B.

SHOWER BLOCK AND TOILET AREAS

- Showers and Toilet areas will be cleaned between the hours of 07:00hrs to 21:00hrs. All areas will be checked and cleaned regularly.

SHOWER BLOCK AND TOILET AREAS

- A one-way system will operate within the paddock. It has been designed for the smooth and safe transition of all vehicle movements. A 10 mph speed limit exists at all times. At no time should any vehicle block an entrance or exit.

PASS GENERAL RULES

- Teams and competitors are responsible for the integrity of the pass system within their team. Sanctions will be imposed on any team whose members abuse the pass system in any way including:
 - Selling passes
 - Production, sale or distribution of forged passes
- Teams and competitors are also responsible for the behaviour of their guests. Guests should be advised that they are expected to respect the instructions of race officials.
- By accepting the issue of passes for the 2016 Isle of Man Festival of Motorcycling, the team and/or competitor are deemed to agree to abide by the pass conditions and to undertake the obligation to advise each person to whom a pass is issued of the pass conditions.
- Passes may only be used to gain access to the areas indicated on the face of it. Any person found within a restricted area without the appropriate pass may be removed from the venue immediately and/or have any passes held by them withdrawn.
- Isle of Man Festival of Motorcycling passes must not be removed from their official lanyards and must be worn around the neck of the person to whom it is issued so as to remain clearly visible at all times.
- The Organisers at all times reserve the right to refuse admission to the venue or access to a designated area to any person, notwithstanding that such person may have been issued with an appropriate pass.
- Teams and competitors must keep accurate records of the numbers of passes that they issue to guests, this information must be available for audit by the Organisers at an event.
- The Organisers reserve the right to request further proof of identity in addition to a pass.
- Isle of Man Festival of Motorcycling passes at all times remain the property of the Organisers and may be issued, altered or withdrawn at any time at the absolute discretion of the Organisers.
- Team and competitor pass allocation will depend on the number of classes entered by the competitor(s). The passes will be sequentially numbered and referenced for official use.
- Competitors and teams wishing to request additional passes may do so in writing stating the reason for the request and the number of passes required. These requests will be considered by Race Organisers.

GRANDSTAND FAMILY TICKETS

- Section 1 of the TT Grandstand is reserved for competitor's family and friends. A limited number of tickets are available from the Race Office on the morning of the race.

WELFARE

Doctors

- Patients from the UK who are temporarily resident on the Island for a period less than three months are able to register with a GP as a temporary resident. Patients can ask to register at their nearest GP Practice. If they have any problems registering they can contact Family Practitioner Services on +44 (0) 1624 642694. Patients from outside the UK will be able to seek a consultation with a GP but this will be available on a private basis.
- The Manx Emergency Doctor Service is an 'out-of-hours' emergency service that will operate when your doctor's surgery is closed. The service is available from 6pm to 8am Monday to Friday, with 24-hour cover over weekends and bank holidays by telephoning 01624 650355. The out of hours service is only for emergencies that cannot wait until the next working day. If you think that you have a life-threatening emergency you should always call 999. This service operates 24 hours a day, 7 days a week.

Dentist

- National Health Service (NHS) urgent dental treatment for patients who are not registered with an NHS dentist may be provided by the Central Community Healthcare Centre, Westmoreland Road, Douglas, Isle of Man by telephoning either 01624 642785 or 01624 642389 during weekdays between the hours of 8.30 am and 4.00 pm.

RIDER ELIGIBILITY

Lightweight, Supertwin, Junior & Senior Manx Grand Prix

- Previous winners of the Lightweight, Supertwin, Junior and Senior Manx Grand Prix Races will be considered subject to the conditions below:
- Riders who have previously competed in any TT solo race or won a Manx Grand Prix race (apart from MGP Newcomers Race) on the TT Course are not eligible if:-
 - they have qualified to start in any TT solo or won a Manx Grand Prix race on the TT Mountain Course in the previous two years, eg a rider must not have qualified to start in a 2015 or 2016 TT solo race or won any Manx Grand Prix race in 2014 or 2015
 - They have won a silver replica in any TT solo race in the last four years , eg a rider who wishes to compete in the 2016 Manx Grand Prix must not have won a silver replica in any TT solo race on the TT Mountain Course from 2013-2016 inclusive.
 - For further clarification please contact the Organisers.

MACHINE ELIGIBILITY

NEWCOMERS RACE (in 3 classes)

Class A

- 550cc – 750cc 4 stroke 4 cylinder
- 651cc – 1000cc 4 stroke 2 cylinder
- 601cc – 1000cc 4 stroke 3 cylinder
- 501cc – 1000cc rotary equivalent

Class B

- 201cc – 450cc 2 stroke 2 cylinder
- Up to 650cc 4 stroke 2 cylinder

Class C

- Up to 125 cc 2 stroke single cylinder, 6 gears maximum
- 251cc - 400cc 4 stroke, 4 cylinder.
(Rebores to a maximum increase of +1.00mm above the standard bore size are permitted)
- Up to 750cc 4 stroke single cylinder

JUNIOR MANX GRAND PRIX RACE

- 550cc – 600cc 4 stroke 4 cylinder
 - 601cc – 750cc 4 stroke 3 cylinder
 - 651cc – 750cc 4 stroke 2 cylinder
-

SUPERTWIN/LIGHTWEIGHT MANX GRAND PRIX RACE in 2 classes**Class A Supertwin**

- 201cc – 450cc 2 stroke 2 cylinder
 - Up to 650cc 4 stroke 2 cylinders
-

Class B Lightweight

- Up to 125 cc 2 stroke single cylinder, 6 gears maximum
 - 251cc – 400cc 4 stroke 4 cylinder.
(Rebores to a maximum increase of +1.00mm above the standard bore size are permitted)
 - Up to 750cc 4 stroke single cylinder
-

SENIOR MANX GRAND PRIX RACE**Class A Supertwin**

- 550cc – 750cc 4 stroke 4 cylinder
- 651cc – 1000cc 4 stroke 2 cylinder
- 601cc – 1000cc 4 stroke 3 cylinder
- 501cc – 1000cc Rotary equivalent

- Please note – Classic machines will not usually be accepted for the Manx Grand Prix races.
 - A minimum of 15 entries must be accepted for any class or the Club may at its discretion amalgamate that class with any other class, and/or offer entrants the opportunity to transfer to another class and change their machines to one eligible for the other class.
-

TYRES

- 125cc and 250cc machines ridden in Manx Grand Prix Races may use slick tyres. Slicks may be cut but only by a tyre manufacturer approved agent. Any slicks which have been cut must be appropriately marked and specifically identify the agent involved.
- Other classes may only use tyres having a moulded tread pattern. No additional cutting of moulded tyres will be permitted. No slicks, cut or uncut, will be allowed.
- Metal valve caps (not extractor type) or moulded racing valve caps which incorporate a pressure seal must be fitted.
- Valves must be of the short stub stem type.

ENTRY PROCEDURE & INSURANCE CONTRIBUTION

- Manx Grand Prix Entries may only be made online via the Manx Motor Cycle Club website www.manxgrandprix.org by midnight on **Monday 25th April** with the appropriate insurance contribution as below. Payment must be made online by **Monday 9th May** as entries will not be valid without receipt of the insurance contribution.

Late payment will not be accepted.

- ACU/SACU: £400 per race | Non ACU/SACU: £300 per race
- The insurance contribution for non ACU/SACU riders will be £xxx as the cost of their personal accident insurance will not be paid by the Club.
- The Organisers reserve the right to refuse any entry and abandon, cancel or postpone the meeting or alter the programme of events and awards.
- Competitors may apply for entries in more than one race providing they do not use the same machine on any one day. However Newcomers may not apply to enter two races run on the same day.

PLEASE NOTE - The above MGP awards (except medals for the highest placed 125cc in the Lightweight and 250cc in the Supertwin races) will remain in the custody of the Club after the presentation.

REPLICAS

- Replicas will be awarded to the 1st, 2nd & 3rd in all classes. Subsequent replicas will be awarded as follows:-
1) in the Newcomers, Supertwin, Lightweight, Junior and Senior races to those riders who finish within 11/10ths of the time taken by the respective winners or class winners;

PRIZE PRESENTATIONS

- Club teams in each case shall consist of 3 riders being fully paid up members of one or more Clubs affiliated to the ACU, SACU, MCUI or another national federation nominated by or on behalf of such Club or Recognised Association, on the form obtainable from the Race Office. The completed form should be lodged at the Race Office no later than 12 noon on the day preceding the race day with an Insurance Contribution of £30.00. Any application for changes must be lodged with the Race Office no later than 12 noon on the day preceding the race. In the case of a postponement of a race to another day, one or more riders may be substituted not later than 1700 hours on the day preceding the day to which the race is postponed. The winning club team will be decided on an aggregate time basis. A club may enter more than one team but no rider shall be nominated for more than one team in any race. Each member of the winning team and the rider putting up the fastest lap in each of the races will receive an award. Medals will be presented to the winners of fastest lap trophies and other special awards. Finishers’ medals will be awarded to riders who complete any race in compliance with the regulations but fail to qualify for any of the premier awards or replicas.

PRIZE PRESENTATIONS

- It is a condition of receiving any award that the winner/s of the award shall attend to receive the award at the relevant prize presentation evenings unless excused by the Club for a good reason. Details of the dates and venues will be included in Final Instructions.

ADDITIONAL CLASSIC TT TECHNICAL REGULATIONS

Appendix B

ADDITIONAL CLASSIC TT TECHNICAL REGULATIONS

MACHINE ELIGIBILITY

- The organisers retain the ability to accept an entry for a machine that is not compliant with these regulations if in their view it will enhance the spectacle of the racing without giving a competitor an unfair advantage. Such requests must be made in writing prior to the closing date for entries and will be accepted or rejected on a case by case basis.

Please note - Classic machines will not usually be accepted for the Manx Grand Prix races.

SENIOR CLASSIC TT RACE

- 351cc–500cc Machines

JUNIOR CLASSIC TT RACE

- 175cc - 350cc Machines

The Following is applicable to machines up to 500cc in the Classic Races: The 500cc and 350cc Classic TT Races cater primarily for thoroughbred Grand Prix racing motorcycles constructed during:

- The period 01/01/1945 – 31/12/1972 inclusive, for all 4 strokes up to 500cc;
- The period 01/01/1945 – 31/12/1967 inclusive, for all 2 strokes (with the addition of Greeves Oulton and Bultaco TSS built before 31/12/1968) for the specific purpose of participation in competition during that era.

SUPERBIKE CLASSIC TT RACE

- Up to 1300cc, air-cooled 4-stroke Machines 01/01/1973 - 31/12/1986
- Up to 1300cc, liquid/air-cooled* 4-stroke Machines 01/01/1973 - 31/12/1986
- 700cc - 750cc 4-stroke, 4 cylinder Machines 01/01/1987 - 31/12/1992
- Up to 1000cc 4-stroke, 2 and 3 cylinder Machines and Norton rotary-engine machines 01/01/1987 - 31/12/1992
- 351cc - 750cc 2 stroke Machines 01/01/1968 - 31/12/1992

***Note: for the avoidance of doubt, the Suzuki GSXR-1100 is regarded as being liquid/air-cooled and will be entered in this category and not the 1300cc air-cooled category.**

LIGHTWEIGHT CLASSIC TT RACE

- Up to 250cc, twin cylinder 2 Stroke race machines manufactured 01/01/1973 – 31/12/2004
- Up to 750cc 4 stroke, 2 cylinder Machines 01/01/1973 - 31/12/1986
- Up to 600cc 4 stroke, 4 cylinder Machines 01/01/1973 - 31/12/1986
- 126cc -350cc 2 Stroke Machines 01/01/1968 - 31/12/1993

MACHINE ELIGIBILITY

- In formulating these Classic Regulations, the organisers have endeavoured to produce races for machines built using components available in the eligibility periods. When looking at entries, consideration will be given to the period appearance of the machine (including the major components, fairings, bodywork and seat) as well as adherence to the letter of these regulations.
 - Machines may also incorporate components of a type manufactured before the 31st December cut-off date or manufactured after that date without substantial alteration. Competitors are expected to present machines with visible components (e.g. wheels) generally similar to a type available in the period. The machine must look as it did in the relevant race period.
 - All components fitted must be of a type available and fitted to machines of the relevant classes within the relevant classic period, defined below. This includes all major components such as frame, forks, wheels etc. No modifications (other than those specifically authorised in these regulations) will be permitted unless used during the period.
 - Where components are of later manufacture, they must resemble the original period components.
 - The onus is on the rider or entrant to prove eligibility if required.
 - Entries will not be accepted without a specification sheet for each machine entered and with photographs of the static machine, with and without fairing. Riders who are in any doubt about eligible components or modifications are invited to contact the Chief Eligibility Officer for a ruling.
-

OIL CONTAINMENT

- Oil Containment is compulsory for all 4 stroke machines (i.e. faired and un-faired). The oil containment must be of rigid construction fastened securely to the machine and have a capacity of at least half of the total oil (and coolant) capacity in the event of an engine failure. The oil containment for un-faired machines must be at least 50mm deep and at the front must extend upwards to at least 50mm below the base of the cylinder except in the case of horizontal cylinder machines (eg Aermacchi) which will be subject to the agreement of the Chief Technical Officer whose decision is final.
-

SEAT, TANK AND FAIRING

- Motorcycles must be presented in period condition. Seats, tanks and fairings (if fitted) must be of a style and type manufactured and used in the appropriate period. Modern styles may not be acceptable unless it can be shown that a similar style was used in the period. Additional ducting, encasement or shrouding to influence induction or cooling will not be acceptable unless evidence of period use on a similar machine is provided.
- Each motorcycle must have only one fuel tank which must not hold more than 24 litres. However Superbike Classic TT machines may use fuel tanks holding not more than 29 litres.
- The use of temporary filling material to reduce the capacity of the tank is forbidden.

THE FOLLOWING RULES APPLY TO MACHINES RACING IN THE SENIOR CLASSIC TT AND JUNIOR CLASSIC TT RACES ONLY

WHEELS

- Wheels must be of a wire-spoked construction and of 18" or 19" diameter. A maximum rim width of WM3 applies for Classic classes i.e. up to 500cc machines. Cast wheels will not be permitted, except for the Arter Matchless.
-

TYRES

- For the Junior Classic and Senior Classic classes only tyres having a moulded tread pattern will be permitted. No additional cutting of moulded tyres will be permitted. Metal valve caps (not extractor type) must be fitted. Valves must be of the short stub stem type.

Note for Classic machines only:

- Maximum tyre width, as stated on the manufacturer's specification sheet, shall be 4.50" (114mm) for Classic machines (i.e a tyre described as a 110). Tyres must be fitted with inner tubes.
-

BRAKES

4 Strokes

- Front fitment: May be fitted with a drum brake or disc brake. Discs must be solid (but the "Norvill" disc brake is acceptable) and may be drilled only parallel to the wheel spindles. Floating discs and/or 4 piston callipers will not be permitted.
- All disc brake components must be pre-31/12/1972 with this exception: An unmodified out-of-period AP front brake master cylinder, part no CP3179-2 (plastic reservoir) is eligible, as is the AP Racing variable ratio front brake master cylinder parts no CP 3125-2 or CP 3125-4. The Grimeca front master cylinder as used on the Ducati 750 in 1972 is also acceptable.
- Rear fitment: Must be a drum brake – rear disc brakes are not acceptable (except some Seeley machines – please contact the Eligibility Officer to enquire)

2 Strokes

- Must have drum brakes front and rear.
 - Where a rider has a genuine reason for not being able to operate a conventional brake lever, a thumb operated brake lever will be permitted. Due to space constraints, this may mean that an out of period master cylinder will be required. The use of such a device must be stated on the eligibility form and will be subject to prior approval by the Chief Technical Official.
-

SWINGING ARM, SUSPENSION AND FRONT FORKS

- Must be of a pattern, type and material manufactured and used in the period.

CARBURETTORS

- Free choice of carburettor, with the exception of the following that are not permitted:
 1. Power jet carburettors
 2. Flat-slide carburettors (except Gardner carburettors)
 3. Fuel injection

ENGINE AND GEARBOX

- May be modified internally and/or fitted with components of modern manufacture. All engine and gearbox casings must be unmodified externally, except modifications carried out in the period, to permit the fitment of belt primary drives, or to permit the repositioning of controls. All primary drives (belt and chain) must be totally concealed from view. Multi-valve heads are not permitted, unless available and used in the era. Non-period components, e.g. engine castings, oil filter castings, cylinder barrels and expansion chambers will not be permitted. External oil pumps are not permitted. Engines may be rebored up to the machine manufacturer’s recommended maximum oversize but no more than 1.5mm+ (0.060”) if the actual capacity would then exceed the capacity class size.
- Quick shifters are not allowed.

CLUTCH

- Any clutch can be used but slipper clutches are not permitted.

FRAMES AND REPLICA FRAMES

- The frame should be what was used for the machine in the period. Replica frames will be permitted provided they are dimensionally accurate copies of known period chassis. For chassis without known pedigree, entries must be supported by documentary evidence proving eligibility.

EXHAUSTS

- The ACU has granted a sound level permitted under Standing Regulations.

IGNITION SYSTEM

- There is no restriction on the type of ignition system used. If non-standard electronic units are used, components should be concealed where possible.

THE FOLLOWING RULES APPLY TO SUPERBIKE CLASSIC AND LIGHTWEIGHT CLASSIC MACHINES ONLY

WHEELS

- Free choice – as many machines of this era will have used magnesium alloy wheels which are subject to metal fatigue over time, in the interests of safety and availability, modern wheels that closely resemble what was used on the bike in the period may be used.
- Free choice of size.

TYRES

- Slick tyres may be used. Tyres having a moulded tread pattern will be permitted. No additional cutting of moulded tyres will be permitted. Metal valve caps (not extractor type) must be fitted. Valves must be of the short stub stem type.
- Free choice of size with no maximum tyre size requirement.

BRAKES

- Brakes should resemble those used in the period on the machine but modern brake calliper and master cylinder (including radial master cylinders) but excluding radial callipers and carbon-fibre brakes may be used. Six piston callipers are not acceptable. If in doubt, please refer to the Chief Eligibility Officer.

SWINGING ARM, SUSPENSION AND FRONT FORKS

- Suspension systems must resemble the type available and fitted to the specific model of machine in the relevant period. Modifications can be made to allow a different size tyre to be used.

CARBURETTORS AND AIRBOX

- Free of restriction, but only if used within the period (i.e. if a machine was not manufactured with an airbox in the period, it cannot use an airbox). If a different make of carburettor was available in the period, it can be used.
- Note: 2 stroke machines fitted with an airbox are not eligible for Formula 2 but will be eligible for the new Lightweight Classic TT class.

ENGINE AND GEARBOX

- All engine and gearbox casings must be unmodified externally*, except modifications carried out in the period. May be modified internally and fitted with components of modern manufacture. Engines may be rebored but no more than 1.5mm+ (0.060") if the actual capacity would then exceed the capacity class size.

- Engines must be complete and as originally produced by the manufacturer.
- Quick shifters are not allowed (2 strokes fitted with a quick shifter are eligible for the Lightweight Classic TT)

Note: Formula 2 two-stroke Yamaha machines will be allowed to use the later 4DP cylinders, which externally look the same as the earlier 4DP00 version

CLUTCH

- Any clutch can be used. Slipper clutches are allowed.

FRAMES AND REPLICA FRAMES

- The frame should be what was used for the machine in the period. Replica frames will be permitted provided they are dimensionally accurate copies of known period chassis.
- For chassis without known pedigree, entries must be supported by documentary evidence of racing in period proving eligibility.

IGNITION SYSTEM

- There is no restriction on the type of ignition system used.

ENGINE AND FRAME NUMBERS

- In accordance with standing ACU regulations, all solo road race machines are required to have engine and frame numbers that have obviously not been tampered with or deleted. The penalty is disqualification. New unstamped components are permissible.
-

Appendix C

CLASSIC TT SPECIFIC RULES AND REGULATIONS

Appendix C

CLASSIC TT SPECIFIC RULES AND REGULATIONS

ON-BOARD CAMERAS

- The host TV broadcast rights holder will nominate competitors to carry cameras on their machines. The installation of the camera and associated equipment is further subject to the approval of the Chief Technical Officer. No other competitors or machines may carry on-board cameras.
- A machine carrying a starting number between 1 and 15 must carry an on-board camera if requested to do so by the host TV broadcast rights holder. Cameras categorised as consumer specification camera, consisting of a single unit comprising camera and recorder

CAMERA POSITIONING

- Cameras may be fitted to offer face shots of the competitors and, where safe and practicable, effects shots from other locations around the bike.

CAMERA MOUNTINGS

- Cameras will be mounted during the event in consultation with competitors and teams, without any prior requirement for brackets, using a combination of heavy duty tack and cable ties (for example, position C on the diagram below for a face shot).

RECORDER MOUNTINGS

- The primary cameras (POV and rear blister) have separate recorder units. These need to be fitted in an easily accessible location on each machine where the ambient temperature does not exceed 50 degrees centigrade.
- Recorders will generally be fitted by the host TV broadcast rights holder, on the day of a qualifying session or race.
- It is the responsibility of each competitor and team to identify an adequately ventilated location for the recorders, ensuring that the ambient temperature does not exceed 50 degrees centigrade, with up to 10 watts of heat being dissipated by the equipment. Locations are typically under the seat or towards the front section of the frame (positions D and E respectively on the diagram below).
- The host TV broadcast rights holder will liaise with competitors and teams to establish the required mounting for the recorder units, subject to the location identified.
- The host TV broadcast rights holder will then supply a specification for the recorder mounting and a plastic moulded dummy unit to check the alignment of any required mounts. The specification and dummy components will be available from the host TV broadcast rights holder.

CABLING

- All required cabling between camera and recorder units will be cut to specific lengths to suit each machine and the required routing of cables. This will happen during qualifying and is the responsibility of the host TV broadcast rights holder to provide the required labour and materials.

DATA RECORDERS

- Competitors are required to assist the host TV broadcast rights holder in the development and use of data recording systems in order to provide performance information (including speed, braking, gear selection and engine revs) for inclusion in television coverage and other media platforms.

- A Secondary Camera
- B Recorder
- C Recorder

ENTRY FEES

- The Promoters will cover the cost of all entry fees necessary to enter the 2016 Isle of Man Classic TT Races.

PUBLICITY

- Competitors, wearing their leathers or Team uniform, must take part in any autograph session, Paddock walkabout and pre-race parade, should this be requested by the Promoter.
- Each competitor, as requested, must make themselves available free of any charge or expenses to the Promoter during the event for promotional purposes.
- By entering the 2016 Isle of Man Classic TT Races each competitor and team agree that the Promoter and the event sponsors may make use of their activities and successes in motorcycle sport for any advertising, publicity, public relations and merchandising purposes.
- All competitors may be required to carry an event and/or sponsors logo.

PUBLICITY

- Competitors, wearing their leathers or Team uniform, must take part in any autograph session, Paddock walkabout and pre-race parade, should this be requested by the Promoter.

- All competitors may be required to carry an event and/or sponsors logo.

CAMERA AND RECORDER LOCATIONS

- Competitors finishing first second and third in each race will be required to take part in a short ceremony to be held in front of the Grandstand to acclaim and garland the winners. These competitors will then also be required to take part in a post-race press conference and a short appearance at the official VIP Hospitality facility as instructed by the Promoters.

AWARDS

THE FORMULA 1 CLASSIC TT RACE TROPHY to the winner of the Formula 1 Classic TT Race

THE FORMULA 2 CLASSIC TT RACE TROPHY to the winner of the Formula 2 Classic TT Race

THE FORMULA CLASSIC TT RACE TROPHY to the winner of the Formula Classic TT Race

THE 250cc CLASSIC TT RACE TROPHY to the winner of the 250cc Classic TT Race

THE 350cc CLASSIC TT RACE TROPHY to the winner of the 350cc Classic TT Race

THE 500cc CLASSIC TT RACE TROPHY to the winner of the 500cc Classic TT Race

THE JOEY DUNLOP CLASSIC TT TROPHY to the rider of the first 750cc machine to finish in the Formula 1 Classic TT Race.

THE PHIL READ CLASSIC TT TROPHY to the rider of the first 250cc machine in the 350cc Classic TT Race.

THE GEOFF DUKE CLASSIC TT TROPHY to the rider of the first 350cc single cylinder machine in the 350cc Classic TT Race

THE MIKE HAILWOOD CLASSIC TT TROPHY to the rider of the first 500cc single cylinder machine in the 500cc Classic TT Race.

SILVER REPLICAS:

Awarded to the riders finishing within 105% of the winner's time (per sub class).

BRONZE REPLICAS:

Awarded to the riders finishing within 110% of the winners time but not qualifying for a silver replica (per sub class).

FINISHERS MEDALS:

Awarded to all other finishers.

APPEARANCE FEES

- Any team or competitor wishing to apply for additional appearance fees should do so in writing to the Promoter, providing information and justification to support the application.
- Requests must be made no later than the 30th June 2016.
- Applications received after this date will not be considered.
- Payments to competitors and teams will be negotiated directly between the Promoter and authorised representatives of the individual competitors and teams.
- The following items will provide the basis for the payment criteria –
 - Potential media coverage value (team and / or competitor) achievable before, during and after event
 - Demonstrable ability to promote the Classic TT and Isle of Man positively (team and / or competitor)
 - Social media reach
 - Previous performance at the Classic TT (team and / or competitor)
 - Previous recent performance at other high profile motorcycle international and domestic racing events (e.g. World Superbike Championship, British Superbike Championship, World Endurance Championship etc)
 - Size and scale of team (infrastructure etc) and presentation

Note: The above list is neither exhaustive nor absolutely definable and should only be used as a guide.

- Any competitor receiving additional appearance support or riding for a team which is receiving additional appearance support does not qualify for the travel allowance payments.
- Competitors receiving additional appearance support will not be paid without the submission of an invoice which can be submitted on or after the 30th August and all payments will be subject to the normal Isle of Man Government payment terms.
- Provided that the services are deemed by the Promoter in its absolute discretion to have been fully or substantially performed payment shall be made within 30 days of receipt of the said invoice.
- Full or substantial performance shall require not less than the team and / or competitor(s) having made a definite and legitimate effort to perform the services.

RIDER STATUS AND RACE SUB CLASSES

- To ensure competitors of all abilities and experience and machinery of varying specifications can compete in the Classic TT Races in an environment that promotes equality and sportsmanship, a number of sub classes have been created for each Classic TT Race.
- The sub classes will be used to determine the awarding of replicas and other trophies, will be clearly identified in the official results and detailed in the official post-race press reports. Qualification for individual riders will be based on the sub classes.

- Furthermore each competitor will be allocated either a rider status of either GP Rider or Privateer Rider.
- The qualification for the 'GP Rider' sub class is defined as follows:
 - A rider who has finished in 1st, 2nd or 3rd in a Senior, Junior, Superbike or Lightweight Classic TT Race in any of the previous two years.
 - A rider who has lapped at a threshold speed in a Senior, Junior, Superbike or Lightweight Classic TT Race in any of the previous two years. These threshold speeds will be 105mph in Senior, 100mph in Junior, 115mph in Superbike and 108mph in Lightweight.

FITTING OF TRANSPONDERS

Appendix D

FITTING OF TRANSPONDERS

General Rules:

- An AMB TranX 260 or compatible transponder must be used.
- Ensure that the transponder holder is fitted securely, preferably using bolts and Nylock nuts. (if tie-wraps are used at least two sufficiently strong tie-wraps are needed to secure the holder).
- The transponder must be mounted vertically and not horizontally.
- The securing pin must be at the top.
- Fit the transponder holder in a safe and secure position.
- Mount the transponder so that it is preferably no more than 2 ft (60 cm) from the ground.
- Mount the transponder so that it is away from heat generating bodies such as the exhaust.
- Mount the transponder so that it has a clear view of the ground as possible. Note - the transponder signal will not pass through metal or carbon fibre based plastics.
- Push the 'R' clip right through as far as possible in order to prevent it being accidentally pushed out.
- The transponder must be fitted whenever your machine is taken into the assembly area and whenever it is on the course, including timed and untimed practice sessions.
- The transponder must be charged and 'flashing' green and fitted to the machine when presented for Technical Inspection.
- Disregarding any of the above guidelines may result in your time(s) not being recorded.
- No time will be recorded at all if the transponder is not fitted or has not been charged.
- If attached to the fork leg the transponder must not interfere with the steering lock.
- The transponder must not be fitted between the top and bottom yokes on the fork legs.

**ATTACH
YOUR PHOTO**

Please write your name and date of birth on the reverse of photo

2016 Mountain Course Licence Application

This licence is a requirement for ALL competitors taking part in any event held on the TT Mountain Course. The fee is £25.00 (in addition to any other licence fee). All applicants except holders of an FIM International licence or an MCUI National Licence must complete Section 3 Medical Report, on the reverse of this form. ACU and SACU licence holders must have held a National licence for Road Racing for a minimum of 6 months prior to the start of the event (i.e 20th February 2016). Competitors from other FMN's must have held an FIM International Non - Championship licence for Road Racing issued by their FMN for a minimum of 6 months prior to the first day of practicing.

Documentary evidence of the following additional requirements must be supplied with this application:

ALL APPLICANTS: must have competed satisfactorily in at least six Road Race Days in the 13 months expiring 30th June 2016. A minimum of 2 of the 6 required race days must be in the 2016 season

FOR ALL NEWCOMERS: 3 of the 6 required race days must show the rider as having finished the race and have an average race speed equal to or greater than 90% of their respective CLASS winner. (ACU National licence upgrade criteria).

ALL APPLICANTS: One result will be permitted from each racing day of a short circuit Road Race meeting to a maximum of 2 days per meeting. One result will be permitted from each racing day of a Closed Public Road Race circuit meeting to a maximum of 2 days per meeting. Qualifying for the 2015 TT or Manx GP/Classic TT races will count as one race day and finishing in a 2015 TT or Manx GP/Classic TT race will count as a second race day. A competitor who competes in both the TT and Manx GP/Classic TT may count a maximum of three results towards the six required results.

CLOSING DATES FOR RECEIPT OF APPLICATION FORMS: 11th July 2016. Completed forms should be sent together with the 6 race result sheets and fee to ACU Road Race Department, ACU House, Wood Street, Rugby Warwickshire, CV21 2YX.

NOTE: The issuing of a TT Mountain Course Licence does not guarantee an accepted entry for competition.

SECTION 3 – MEDICAL REPORT

TO BE COMPLETED BY ALL APPLICANTS EXCEPT HOLDERS OF AN FIM INTERNATIONAL LICENCE. YOU MUST PAY ANY FEE CHARGED FOR THE MEDICAL EXAMINATION AND FOR THE COMPLETION OF THIS FORM.

TO YOUR DOCTOR: Please read these guidance notes before filling in this section for the applicant whose name is on the front of this form. The person to be examined is applying for a licence to compete in motorcycle sport events. Particular care should be taken to ensure that the applicant does not suffer from any condition which might result in sudden loss of control of his/her motorcycle thus endangering other riders, officials and spectators. The controls of a motorcycle normally require the use of all four limbs. The applicant must be able to control his/her motorcycle under fierce acceleration and braking forces. Competition places both physical and mental demands on the rider.

- **LIMBS:** The applicant should have sufficient power, co-ordination and sensation in his/her limbs to maintain full control of his/her machine. An applicant with an organic or functional loss of a limb or part of a limb may be referred to an ACU Medical Panel and be subject to "on track" assessment.
- **DEAFNESS:** A licence can be issued to an applicant with impaired hearing, but not to an applicant with a disturbance of balance.
- **DIABETES:** A well controlled diabetic may be passed as fit to compete. They require evidence from their Consultant Diabetologist, or their own General Practitioner/regular medical attendant if they are not under consultant care, that the diabetes is normally well controlled, that they are not subject to hypoglycaemic or hyperglycaemic attacks (no significant episodes in preceding year), that they have no neurological or ophthalmic complication associated with diabetes and that they understand their diabetes, its monitoring and management.
- **CARDIOVASCULAR SYSTEM:** In general, a heart attack or serious cardio-vascular disease would normally exclude a rider from speed events. Special attention should be paid to blood pressure and cardiac rhythm disorders. In such cases a certificate from a cardiologist including the results of any test the cardiologist considers necessary, must be submitted with this Medical Report form.
- **NEUROLOGICAL AND PSYCHIATRIC DISORDERS:** In general applicants with a serious neurological or psychiatric disorder will not be granted a licence.
- **FITS OR UNEXPLAINED LOSS OF CONSCIOUSNESS:** A licence will not be issued if the applicant is an epileptic, has suffered a single epileptic fit or has suffered an unexplained loss of consciousness.
